## TIE BREAKING SYSTEM

1. **Head to Head:** The team that wins the head to head competition between the two tied teams will move on.
2. **Point System:** A point differential system will be used if two or more teams are tied. Teams will receive the specified maximum points for a win and a specified maximum points for a loss. The team with the most positive points will be first followed by the next most positive point total.
3. **Defensive Point System:** A total defensive point system will be used if three teams are still tied. The teams with the least amount of aggregate points given up will move on.
4. **Offensive Point System:** A total offensive point system will be used if three teams are still tied. The teams with the most amount of aggregate scored will move on.
5. **Coin Flip:** If all else fails, a coin flip will be used.
